Welcome to the 2026 Seniors Month Guide

We are excited to present this year's Seniors Month Guide, a resource filled with a vibrant and diverse range of events and activities for you to experience and enjoy.

Seniors Month is all about connection, celebration, and community – we encourage you to join in exploring what is on offer.

Looking for more Seniors Month activities?

While we have packed this guide with a wide range of events, not all Seniors Month activities make it into the official listing for various reasons.

We encourage you to check with your local council, community groups, libraries, or search online to discover even more exciting activities happening in your area during Seniors Month. There's always something new to explore!

Access requirements

If you have specific requirements such as access or carer support, please contact the event organiser prior to attendance.

Disclaimer

This guide is provided as a source of general information. While every effort has been made to ensure the details are accurate and current at the time of publication, event information may change without notice at the discretion of the organiser. COTA Tasmania, including its Board, staff, and volunteers, accepts no responsibility for any loss or inconvenience arising from the use of or reliance on the information in this guide.

Public liability and patron health and safety

While COTA Tasmania coordinates and promotes Seniors Month, individual event organisers are responsible for their own activities, including ensuring appropriate insurance coverage; such as public liability insurance.

COTA Tasmania strongly encourages all event organisers to implement suitable health and safety measures throughout Seniors Month, in line with current advice from the Tasmanian State Government. This includes staying up to date with any public health guidelines.

Patrons are also encouraged to take responsibility for their personal wellbeing and maintain good hygiene practices when attending events.

Message from the Minister

Seniors Month is a celebration of people; of the parents, grandparents, neighbours, friends, volunteers, carers and community members who have helped shape the Tasmania we know today.

Older Tasmanians contribute so much to our lives and communities, often in ways that quietly happen every day. They share their knowledge and experience, support others through difficult times, volunteer their time, care for family members, mentor younger generations and help keep communities connected and strong. Their contribution cannot be measured simply by what they have done in the past, but by the difference they continue to make every day.

This year marks an exciting new chapter as Seniors Week is expanded to a full Seniors Month throughout October 2026. This change came directly from Tasmanians and recognises that one week was simply not enough to celebrate the incredible diversity, energy and contribution of older people across our State. Expanding to a month-long program means more opportunities for people to connect, participate and celebrate in ways that suit them and their communities.

The 2026 theme, *Celebrate Ageing*, is about recognising ageing as something positive and valuable.

Ageing brings perspective, resilience, wisdom and deeper connections with others. It is also about continuing to learn, contribute, create and stay engaged in community life. Seniors Month encourages all of us to challenge outdated stereotypes and recognise the important role older Tasmanians play in strengthening our families, workplaces and communities.

Across Tasmania, communities will come alive through local events, conversations, activities and celebrations that create opportunities for inclusion, friendship and belonging. Whether it is a small neighbourhood gathering or a larger community event, every connection matters.

I want to sincerely thank the organisations, volunteers, community groups and local businesses who help make Seniors Month possible. Your efforts create welcoming spaces where people can connect, share stories and celebrate together.

I encourage everyone to take part in Seniors Month 2026, attend an event, host a gathering, meet someone new, reconnect with others and celebrate ageing in all its forms.

Hon Bridget Archer MP, Minister for Ageing

Message from the CEO

We're turning up the celebration! Seniors Week is now bigger and better - introducing Celebrate Ageing | Seniors Month. More events, more connections, more fun...

This October, Celebrate Ageing | Seniors Month will bring communities right across Tasmania together for a month of connection, learning and enjoyment and we would love you to be part of it.

Council on the Ageing (COTA) Tasmania is pleased to once again coordinate the state's annual program, providing a time to celebrate older Tasmanians and their contributions to the fabric of our state.

Seniors Month will be an opportunity to share stories, build new skills, explore interests and strengthen community connections. Whether it's a workshop, open day, morning tea, information session or something completely unique, every event helps make the month diverse, welcoming and engaging.

Celebrate Ageing | Seniors Month would not be possible without the generous and ongoing support of the Tasmanian Government, along with our program sponsors and advertisers who support our vision for an inclusive and age friendly state.

Your support ensures we continue to celebrate older Tasmanians and provide opportunities for connection not only during October, but from the ongoing friendships forged.

To our COTA team and Board, thank you for your passion and commitment to advocate for older people and their needs, and your role in raising awareness of the need for lifelong respect and recognition of older Tasmanians.

We look forward to you joining us this October, making this year's Seniors Month bigger and more connected than ever.

Brigid Wilkinson, Chief Executive Officer, COTA

About Council on the Ageing (COTA) Tasmania

For over 60 years, Council on the Ageing (COTA) Tasmania has been the leading voice for older Tasmanians. We are a not-for-profit organisation dedicated to promoting the rights, interests, and well being of older people across the island. Our work is guided by our mission to challenge ageism and promote the rights, interests, and value of all Tasmanians as they age.

Care Finder

Navigating the aged care system can be complex. Our Care Finder program helps vulnerable older people who have circumstances that make it harder to navigate alone without intensive support. We provide free, personal and independent advice, information and assistance, to guide people through the aged care system and other community supports. We operate across Tasmania, including rural and remote areas, with offices in Hobart, Launceston and Penguin.

Lifelong Respect

Our Lifelong Respect Program is a commitment to raising awareness, inspiring action and impacting long term change to help eliminate the abuse of older people and contribute to Tasmania being a place where all people are treated with respect, kindness and dignity throughout their lifetime.

We provide education, resources, and support to help individuals, families and communities to recognise, respond and prevent elder abuse.

A key part of this work is magnifying the lived experience of older people as unique change agents through our Older Voices for Change program. Advocates safely share their stories and help drive positive change in the community and in policy to shape better protection for others.

Each year we coordinate World Elder Abuse Awareness Day (WEAAD) events and activities across Tasmania to encourage greater awareness, education and prevention of elder abuse and promote respectful relationships in our homes, services and communities.

Together, we are building a culture where older people feel valued, safe, heard and included regardless of age or difference.

Rethink Ageing | Ageism Awareness

These programs encourage people of all ages to be equally accepting of each other, regardless of age. Our work encourages everyone to challenge ideas, feelings and actions that discriminate against older people, and instead build a more connected community.

We do this through workshops, community events and hardcopy/online resources, along with talking with and learning from older Tasmanians.

Digital Inclusion

In today's digital world, staying connected online is vital. Our new pilot program, Generations Connect: Tech Together offers digital skills training and support through our Young Digital Mentors and is designed to help older Tasmanians in Residential Aged Care Homes to confidently use technology, access information, and stay connected with family and friends.

Generations Connect Fun Days

We believe strong communities are built when people of all ages have opportunities to connect, learn from one another, and have fun together. These free community events help reduce social isolation, challenge age stereotypes, and build stronger, more inclusive communities by creating opportunities for meaningful interactions between generations.

Policy Submissions

We actively engage with policymakers to represent the interests of older Tasmanians. Our policy submissions address issues such as aged care, elder abuse prevention, health, transport and digital inclusion, ensuring that the voices of older people are heard in decision-making processes.

Become a Supporter Member

Join us in advocating for the rights and well-being of older Tasmanians. As a supporter member, you'll receive updates on our work, opportunities to participate in events, and the chance to contribute to positive change. Individual COTA Supporter Membership is FREE!

Sponsor Acknowledgement

On behalf of older Tasmanians across the state, thank you to everyone making Celebrate Ageing | Seniors Month 2026 possible. In our biggest year yet, expanding from one week to a full month of statewide celebration, this support means more communities than ever can connect, share stories and celebrate the contributions of older people.

Alongside our valuable Sponsors and Media Partners, we would like to this year acknowledge Partner organisations, who have supported Seniors Month through joint activities, collaborations and support to COTA Tasmania: COTA Insurance, Healthy Ageing Tasmania, Service Tasmania / Seniors Card, and RACT.

Your generosity helps bring this guide to thousands of Tasmanians and supports connection and wellbeing all October long. Thank you for celebrating ageing with us.

The power of protein

Protein is essential to maintain a good quality of life as we age.

Including protein foods with every meal is important as we get older. These foods can help older people:

- stay well for longer
- maintain or build strength
- speed up recovery
- live at home independently.

Taste changes, difficulty chewing or cost limitations can sometimes mean people don't eat as much meat (such as beef, chicken or lamb). Luckily, there are plenty of other foods high in protein that you can add to meals.

Other protein foods include:

- fresh or canned fish (e.g. tinned tuna, sardines)
- eggs
- nuts, seeds and nut spreads (e.g. peanut butter)
- legumes, such as lentils and baked beans
- dairy products: milk, yoghurt, cheese, custard prepared with milk and milk powder.

Eating well also means eating enough.

You can tell if you are eating enough if your energy levels and your weight are stable. If you are struggling to eat enough or notice you're losing weight, it's important to talk to your GP or an Accredited Practising Dietitian (APD). Find an APD in your area at www.dietitiansaustralia.org.au

Here's a recipe from our friends at Eat Well Tasmania.

Forget savoury mince how you know it — try the same comforting flavours in this fabulous high-protein lentil savoury mince. This recipe is a brilliant way to stretch the budget without sacrificing flavour. Brown lentils give the dish a lovely texture, while red lentils help thicken the sauce and boost the protein content. It's cheaper than minced meat, packed with fibre and protein, and it is absolutely delicious.

High Protein Lentil Savoury Mince

by Chef Kirsten Bacon

eat well
tasmania

Serves 4

Ingredients:

- 1 tablespoon olive oil
- 1 onion, finely chopped
- 2 cloves garlic, crushed
- 1 carrot, grated
- 1 celery stalk, finely chopped
- 1 cup dried brown lentils
- ½ cup dried red lentils
- 2 tablespoons tomato paste
- 1 tablespoon Worcestershire sauce
- 1 teaspoon smoked paprika
- 1 teaspoon fresh mixed herbs, or whatever herbs you have (dried herbs work well too)
- 3 ½ cups vegetable stock or water
- Salt and pepper, to taste
- 1 ⅓ cups grated cheese, to serve

Method:

- 1 Heat the olive oil in a large saucepan over medium heat. Add the onion, garlic, carrot and celery and cook until softened.
- 2 Stir in the tomato paste, smoked paprika and mixed herbs and cook for another minute until fragrant.
- 3 Add the brown lentils, red lentils, Worcestershire sauce and stock. Bring to the boil, then reduce the heat and simmer gently for 30–40 minutes, stirring occasionally, until the lentils are soft and the mixture is thick and rich.
- 4 Add a little extra water or stock if needed during cooking.
- 5 Season well with salt and pepper.
- 6 Serve the lentil savoury mince on toast, over mashed potato, with rice or pasta, on baked potatoes, or alongside steamed vegetables. You can also top it with a mix of mashed cauliflower and potato to create a very special shepherd's pie.
- 7 Top each serve with 1/3 cup grated cheese for extra flavour and protein.

Fact or Fiction?

Leaving your heat pump running when you're not home is cheaper than turning it off.

Fiction - It's actually cheaper to turn it off when you're not using it!

Free child car restraint checks for seniors

Do you transport grandchildren, family members, or young children in your vehicle?

During this October's Seniors Month, Kidsafe Tasmania, together with COTA Tasmania, will be offering **free child car restraint checks** and advice for older Tasmanians who regularly transport children requiring a child restraint.

Our qualified and experienced child restraint fitters will:

- ✓ Check that your child is correctly installed
- ✓ Ensure the restraint is suitable for the child's age and size
- ✓ Provide practical tips on safely transporting children
- ✓ Answer your child passenger safety questions

We'll be bringing our expert team to communities across Tasmania and may be visiting a venue near you.

Interested in hosting a session in your area? If you have six or more people interested in attending a child car restraint checking session, we'd love to hear from you. Contact Jenny Branch-Allen on 0417 381 721.

Otherwise, keep an eye on local community notices and social media for details of when our team will be visiting your area.

Keeping grandkids safe on every journey.

Walk your way to better heart health

Are you ready to improve your heart health, boost your wellbeing and connect with others while you do it?

Welcome to Heart Foundation Walking, one of Tasmania's largest free walking programs. For more than 30 years, we've been supporting people to get out the door and walk towards better heart health.

Working wonders with every step

If you're looking for an activity that ticks off multiple health benefits in one, it's hard to look past walking. The quintessential all-rounder, walking is free, widely accessible and doesn't require any special equipment — and it can transform almost every aspect of your wellbeing.

This includes your physical health (walking reduces the risk of cardiovascular disease, stroke and type 2 diabetes, among other conditions), your mental health (walking helps protect against mental health conditions like depression) and even your social health (walking with a friend or joining a walking group can strength your social connections).

Towards a healthy mind, body and heart

There are lots of good reasons to start walking but building a habit can be challenging. That's where Heart Foundation Walking comes in.

Walking groups

Joining a walking group is a great way to get moving with the support and motivation of others — and with Heart Foundation Walking groups all across Tasmania, there's likely to be one near you. They're free to join and run by volunteers, so all you need to bring is a spring in your step.

Each walking group is designed with different types of walkers in mind, from suburban strollers to more ambitious bushwalkers, which means you can pick and choose the group that's right for you. You might even choose to become a volunteer walk organiser and start a group of your own!

Personal Walking Plans

If you prefer to walk at your own pace or on your own schedule, a Personal Walking Plan might be just what you're looking for. These six-week plans are designed by experts and tailored to your current fitness level. They'll help you start slowly and build your strength and stamina over time.

And even though they're designed for individuals, you'll never feel alone — you'll receive regular tips, tricks and recipes, as well as SMS support to keep you motivated.

Choose your path

If you've been thinking about getting active, improving your health, or simply moving more and connecting with your community, Heart Foundation Walking could be just what the doctor ordered. No matter your age, fitness level, or experience, there's a way for you to get started!

You can't deny the research some 'men only' time is critical for men's health and well being.

We've built a place to help every Tasmanian get healthier.

We know that health can be a handful. That's why we've custom built our wellness hubs with one goal in mind - to make every Tasmanian's health journey a little easier.

Visit a St Lukes wellness hub to learn, explore, and be inspired, with regular activities like yoga, run club, nutrition classes, and a lunch-time concert series. Find help understanding and navigating the healthcare system, or just come in and have a chat to our team about your health insurance needs.

Just another way we're working to make Tasmania the healthiest island on the planet.

LIFELONG RESPECT

**1 in 6 older
people in Australia
experience
elder abuse.**

Ending the abuse of older people.

If you are experiencing elder abuse or know someone who is, please call the Tasmanian Elder Abuse Helpline on

1800 441 169

What is elder abuse?

Elder abuse is when an older person is mistreated by someone they trust.

- One in six (1 in 6) older people experience elder abuse.
- There are many types of abuse. Emotional abuse, the most common form, includes belittling, ignoring, insults, threats and manipulation.
- Financial abuse, also common, includes pressuring for money, moving in and not paying rent or food costs, taking money and/or possessions.
- Physical abuse includes pushing, hitting and also neglect such as leaving a dependent person without food.
- Other forms of abuse such as social and cultural include controlling contact and support from family and friends. People can experience one or a combination of these types of abuse.
- Many people don't seek help because they don't know support is available.
- Ageism is the main driver of abuse.

(Source: National Elder Abuse Prevalence Study: Summary report | Australian Institute of Family Studies [aifs.gov.au])

Preventing elder abuse

Together we can all help prevent the abuse of older people.

Valuing people as we age helps respectful behaviours and attitudes.

Negative views to the experience of ageing can lead to ageism e.g., "*older people lack worth and make less of a contribution to our society.*"

Ageism can lead to all forms of abuse. Older people experiencing abuse can blame themselves and be ashamed to seek assistance.

Plan ahead. Think about your future healthcare, accommodation and finances. Do you have:

- ☐ A Will?
- ☐ Advanced Care Directive?
- ☐ Enduring Power of Attorney?
- ☐ Enduring Guardianship?

A Better Future for Osteoarthritis in Tasmania

Menzies Institute for Medical Research,
University of Tasmania

Tasmania has some of the longest joint replacement wait times in the country, and one of the highest rates of opioid prescribing. But surgery and painkillers aren't the only path forward for people with osteoarthritis. Join Associate Professor Dawn Aitken for an eye-opening look at how exercise is often underused as a first-line treatment, and how physiotherapy programs could ease pressure on our health system while helping people stay active, mobile, and pain-free for longer.

Free Meditation Class for Beginners

True Heart Inc.

Would you like to have an improved mood, feel calmer and be happier? If so, please join us for a relaxing Open Heart Meditation. Throughout our lives we've continued to seek true and lasting happiness. Perhaps the answer has always been too close. It is deep within us, our Spiritual Heart. Let go of what no longer serves you—emotional burdens and negativities—and reconnect with the gentle feelings within your Spiritual Heart. As we get older, life doesn't have to feel like it's fading. It can be a beautiful unfolding of our relationship with the Source of love and life. Please join us for a cuppa and chat after the meditation.

Words Words Words Group

West Winds Community Centre

If you love words – the spoken, the written, the ones of the back of the bus, the misused and the overused; if you want to write your own words; if you want to talk about the words you've been reading – a book, a poem, a pamphlet, an inspirational saying, an annoying saying that gets your goat (now where did that saying come from?). Join with fellow Word Nerds and get it off your chest...or off your keyboard and onto paper. Come along and critique this blurb: how many grammatical errors? Too many cliches? And what is jargon anyway?

RAVENSWOOD

The Stroke Foundation – StrokeSafe Talk

Community Health Centre Ravenswood

More than 27,000 strokes will be experienced by Australians this year — that is one stroke every 11 minutes. Tasmania has the highest rate of stroke per capita in Australia! Up to 80 percent of strokes are preventable. You will learn: what stroke is and how to recognise the signs of stroke; what to do if someone is having a stroke; and how to prevent stroke in you or the people you love. The talk is presented by one of our trained speakers, most have either experienced a stroke themselves or are close to someone who has.

Film Night

North West Film Society

I Swear tells the true story of John Davidson who, after years of struggling with Tourette's, transforms his own experience into advocacy for others. The film follows him from his early childhood diagnosis to the MBE he eventually received for his work in helping the public understand what living with Tourette's actually looks like. "An inspirational story of overcoming adversity" and a "terrifically warm, generous film". The North West Film Society (NWFS) holds screenings for members on ten Wednesday nights a year between February and November. Our aim is to provide thought-provoking, interesting, recent movie releases. Please check the 'Upcoming Films' page on our website for more information nwfs.org.au
